

# Learn Spanish in Cádiz

**Learn Spanish in Cádiz!**  
**Centro Melkart - A school of friends**

Since 1995 Centro Melkart has been enabling people from all over the world, not only to speak Spanish but also to learn about Spanish culture, customs, traditions and our way of life. School children, students and adults alike all come to Melkart to learn Spanish in an enjoyable way.

Whether you're looking for a beginner course, a spanish teacher training course, to prepare for the Official D.E.L.E. exam or simply a language holiday, Melkart is a great place to learn or improve your Spanish skills. The school is in the old part of Cádiz, in a typical Andalusian house, which dates back to 1856 and boasts 8 classrooms, two terraces and a courtyard.

Learn Spanish among friends! Our own specially designed teaching method, highly qualified teachers, and small group sizes of no more than between 5 or 7 students (depending on the course) ensure that learning Spanish with us is a fantastic experience.

Boasting 3000 years of history and tradition as well as kilometres of fine sandy beaches and numerous leisure activities, Cádiz has the perfect combination of history and holiday.

Dance Flamenco or Salsa, learn to surf or cook typical Andalusian dishes, visit Gibraltar, Morocco, the White Villages, or sail around Cádiz bay .... and, of course, learn Spanish at Centro Melkart!
